

Cheryl

Pharrell Williams

Please don't break my spirit
'Cause I don't wanna hear it
That I'm the only one
'Cause the truth is nowhere near it
I want you closest to the place where I keep all your words

No matter what you do (Ooh-ooh)
No matter where you are in this world
The only thing that matters (Ooh-ooh)
Is that you are my girl (Yeah)

Rules, girl, you don't need 'em
Besides, could you keep them?
You say trying new things is fun
It's why you need your freedom
Whoever you're seeing keep seeing him
But pun intended, I come first

No matter what you do (Ooh-ooh)
No matter where you are in this world
The only thing that matters (Ooh-ooh)
Is that you are my girl (Yeah)

Just like a true best friend (Ooh-ooh, The only thing that matters)
They're for me again and again and again
Fighting for you 'til the end (Ooh-ooh, The only thing that matters)
Is that you are my girl (Yeah)

Ooh, little bit of distance
That makes all the difference
When you come back in town
Oh, I can't resist it

I know you have commitments
And I love that you admit it
Does that change things? How are you?
Listen

No matter what you do (Ooh-ooh)
No matter where you are in this world
The only thing that matters (Ooh-ooh)
Is that you are my girl (Yeah)

Just like a true best friend (Ooh-ooh, The only thing that matters)
They're for me again and again and again
Fighting for you 'til the end (Ooh-ooh The only thing that matters)
Is that you are my girl (Yeah)
