

Have It All

Pharrell Williams

What's he thinkin'? I mean that nigga buggin'
And got the nerve to be covin
And knowing you ain't in his budget
I give you cars so you can dust 'em
I give you furs so you can fluff 'em
And when you learn you ain't touchin'
Get what you want girl know I ain't fussin'
You can have it all (Oooh ooh oooh ooh)
You can have it all (Ooh ooh ooh ooh)

(Gucci)
I say put amazing karats on it, it is no comparison
I come home every night
And take you out to eat on Saturdays
Your ex boyfriend was not a baller he was get n by barely
Hilarious
Apparently lil homie like some parody
I put amazing karats on you
You should see the clarity
We'll copartner a daughter
In the future she'll inherit it
I cannot stop starin' at you
I mean that's a draw
See to get by you in church and we'll donate things to charity
Acknowledge me and I could help you study with geography
Psychology
Finance n economics and my biology
No stoppin' me
Let's shake that...
Let's buy some property
It's lonely at the top
So why don't you come and get on top of me
It's Gucci

What's he thinkin'? I mean that nigga buggin'
And got the nerve to be covin
And knowing you ain't in his budget
I give you cars so you can dust 'em
I give you furs so you can fluff 'em
And when you learn you ain't touchin'
I'll give you anything to keep you blushin'
You can have it all (Oooh ooh oooh ooh)
You can have it all (Ooh ooh ooh ooh)
