

Hunter

Pharrell Williams

[Pre-Chorus]

Just because it's the middle of night
That don't mean I won't hunt you down
Cause up, in, deep inside
It's pullin' me and I want your love
You and I should be gettin' it right
Ain't no sense in you holdin' on down
If I can't have you, nobody can
This an animal singin' that'll hunt you down

[Chorus]

So baby, ooh-oooh
My love is kung fu-uuh
And baby, ooh-oooh
My love is kung fu-uuh
Hey baby, ooh-oooh
Sex is kung fu-uuh
Hey baby, ooh-oooh
My love is kung fu-uuh

[Verse 1]

I show my teeth
And I hope you know that look in my eyes
I got lightnin' speed
I won't hesitate to rescue what is mine

[Bridge]

Well, hold up baby, what's goin' on?
Tell the truth, I wanna know
What you're doin' when we go
Somethin' say you ain't [?]
You say, "Baby keep holdin' on"
What you mean? I've been holdin' on
I ain't ever smelled this before
Somethin' say it's time to go

[Pre-Chorus]

Just because it's the middle of night
That don't mean I won't hunt you down
Cause up, in, deep inside
It's pullin' me and I want your love
You and I should be gettin' it right
Ain't no sense in you holdin' on down

My love is kung fu-uuh

With the full description of the killin' calls

But you can't aim and get what I get
I'm a hunter

[Bridge]

Well, hold up baby, what's goin' on?
Tell the truth, I wanna know
What you're doin' when we go

Come get eaten by the dam mirage
