

# Chemical High

## Phenomena

crack head  
lady cocaine  
keep saying never  
never again  
you're a sucker  
in this world of greed  
sold the truth  
bought a dream

it's a nightmare  
it's insane  
keep shooting up  
again and again  
it's a plague  
it's a pollution  
it's your problem  
not a solution

dulls your senses  
steal your mind  
nowhere to run  
nowhere to hide  
rivers of pain  
tear you apart  
don't cry for mercy  
cocaine's no heart

feeding the beast  
it always wants more  
killing yourself  
deaths at your door  
dogs of despair  
tear out your soul  
out of your head  
out of control

chemical high  
suicide  
chemical high  
suicide  
chemical high  
suicide  
chemical high  
suicide
