

There's Only One Of You

Phideaux

The fury of ten thousand years
It flashes once then disappears
I stand by and gather tears

It's all because of you
It all comes down to you
It's all because of you
It all comes down to you

There's only one of you
There's only one of you

All men face a thousand tests
Springing from their loneliness
Lately I've abandoned rest

All because of you
All because of you

There's only one of you
There's only one of you

The fool who caused a thousand rifts
Was feeling psycho-generous
Holographic litmus test
That I'll explain to you
I'll explain to you
I'll explain to you
I'll explain to you
