

Step Into The Fire

Phil Campbell And The Bastard Sons

Blame me, don't hesitate
Bring me down to make you great
Nail me high and do it right
I can be your Jesus Chris

Step into the fire, gonna watch you burn
Step into the fire, gonna watch you burn
Step into the fire, gonna watch you burn
Step into the fire, and burn, burn, burn, burn, burn

Bury me to leave my name
Remove my skin and leave the blame
I can be your sacrifice
The one who helps you sleep at night

Step into the fire, gonna watch you burn
Step into the fire, gonna watch you burn
Step into the fire, gonna watch you burn
Step into the fire, and burn, burn, burn, burn, burn

Why won't you hate me
Why do you hate me
But if you hate me
At least you feel something
I heard you hate me
I heard you hate me
I know you hate me

Step into the fire, gonna watch you burn
Step into the fire, gonna watch you burn
Step into the fire, gonna watch you burn
Step into the fire, and burn, burn, burn, burn, burn
