

## Fall Crazy

Phil Vassar

We're so close we're almost there  
Let's be honest we're both scared  
Then show me what's behind that kiss  
If this is real love it's worth the risk

Come on let's fall crazy  
I want it all baby  
I've had all I can take  
Of playing it safe  
If we're gonna fall, fall, fall, fall  
Fall... let's fall crazy

Let my arms be the ledge, come on  
Let's jump in with no regrets  
Abandon every fear inside  
And make this moment worth the wild ride

Baby let's fall crazy  
I want it all baby  
I've had all I can take  
Of playing it safe  
If we're gonna fall, fall, fall, fall  
Fall... let's fall crazy

Only one way we're gonna know  
So hold on tight and just let go

Fall, fall

I've had all I can take  
Of playing it safe  
If we're gonna fall, fall, fall, fall  
Fall... baby

Fall crazy  
Fall crazy, hey  
Fall crazy, woo baby  
Yeah, fall crazy, fall crazy
