

Stay with Me

Phil Vassar

Girl, don't be afraid
The bed's already made
It's way too late to play it cool and let it go
Cause when we kiss I know you know
So stay with me tonight

Baby, baby, take a chance on me
Whatever's gonna be, you know it's gonna be
Let your inhibitions, superstitions melt away, girl, it's okay
It's alright to stay with me tonight

Yeah

Broken hearts build walls
It takes a mighty-mighty love to make them fall
Baby, you just knocked them down
Yeah, I'm a better man with you around
So stay with me tonight

Baby, baby, take a chance on me
Whatever's gonna be, you know it's gonna be
Let your inhibitions, superstitions melt away, girl, it's okay
It's alright to stay with me tonight

Stay with me, stay with me, stay with me
Oh girl, stay with me tonight
Stay with me, stay with me, stay with me
It's gonna be alright now
Stay with me, stay with me, stay with me
Stay with me, yeah
Stay with me, stay with me, stay with me

Baby, baby, take a chance on me
Whatever's gonna be, you know it's gonna be
Let your inhibitions, superstitions melt away, girl, it's okay
It's alright to stay with me tonight

Alright
To stay with me tonight
Oh oh
Girl, stay with me tonight

Yeah

Stay with me, stay with me, stay with me
Stay with me, stay with me, stay with me
Stay with me, stay with me, stay with me
Stay with me, stay with me, stay with me
