

Waves

Phil Vassar

Where's the sun?
I am a desperate man
I need to find my inner tang
Take me off friend
From last traffic jam
I need a serious break

I need the waves
Rolling and rolling
Emotion of the ocean
Suntan lotion
The waves
One after the other
Breaking over me
Meet my lover

It's funny little bit to wear a loose a few days
It's the cure, my body craze, I need the waves, yeah

I like shells
But I've been a shell of myself
Doing the forty-hour monkey grand for somebody else
Wanna dip my face in the coconut smell
Revere all over you, babe

I need the waves
Rolling and rolling
Emotion of the ocean
Suntan lotion
The waves
One after the other
Breaking over me
Meet my lover

It's funny little bit to wear a loose a few days
It's the cure, my body craze, I need the waves

Tick-tock, time to stop
Watch my blood pressure drop
Ain't it cool, out of school
Big raft in a swimming pool

That's big waves
Rolling and rolling
Emotion of the ocean
Suntan lotion
The waves
One after the other
Breaking over me
Meet my lover

It's funny little bit to wear a loose a few days
It's the cure, my body craze, I need the waves

Rolling and rolling
Emotion of the ocean
Suntan lotion

The waves
One after the other
Breaking over me
Meet my lover

It's funny little bit to wear a loose a few days
It's the cure, my body craze, I need the waves

That's right
