

Holy Moment

Phil Wickham

It's who You were
When the stars lit up
It's who You are
Moving here in us
You never change
Now and forever
You will be holy
Holy

It's who You were
When You bled for me
It's who You are
Resurrected King
You never change
Now and forever
You will be holy
You're Holy
Holy
You're Holy
You are
You are
You are
Holy
Holy

It's who You were
God, You've been perfect from the start
It's who You are
The Savior of my broken heart
You never change
Alpha, Omega
You will be
Holy
Holy

Holy, holy, holy
Is the Lord Almighty
(You are, You are)
Holy You are
Holy
