

Wait

Phil Wickham

Wherever I go
I'm in Your shadow
I'm in Your presence
Up to the heavens
Under the ocean
I'm in Your presence
Yeah, yeah

There is a stillness
In all the madness
Here in Your presence
My heart is tethered
I wanna stay here
Oh I love Your presence

'Cause the longer I wait
The more You can do
And the deeper I fall in love with You
So I wait
Wait
For You
So I wait
Wait
For You

The battle rages
But You have promised
Nothing will harm me
You go before me
You stand behind me
Oh I am surrounded

'Cause the longer I wait
The more You can do
And the deeper I fall in love with You
So I wait
I wait
For You
So I wait
Wait
For You

Do whatever You wanna do
Move however You wanna move
You're the one I'm clinging to
So I'll be waiting
I'm waiting
Do whatever You wanna do
Move however You wanna move
You're the one I'm clinging to
So I'll be waiting
Yeah I'm waiting

'Cause the longer I wait
The more You can do
And the deeper I fall in love with You
Every promise You make

Is a promise You prove
Every breath that I take
Is a chance where You'll
Show Your power again
Show Your love always wins
It's not a matter of if
Oh it's a matter of when
So I wait for You
Yeah I'm waiting
I'm waiting for You

I wait for You
There's nothing better
There's nothing better than You
I keep on waiting
Oh I'll be waiting for You
So I wait
Wait
For You
