

The Deep

Phidel

Give up
Or love me for the things I'm not
Because I won't let this turn to dust
On us. No...

Creatures of the darkness know
How to keep the lights low
Creatures of the darkness know
How to keep the lights low

Just give me a sign 'cause it runs through my mind like your he
at
Caught in the web you're so easily lead to the deep
Falling behind 'cause it runs through my mind like a need
Caught in the web you're so easily lead to the deep

This love, y'know that I'd call it off
But I can't, I can't, give up
Cause you know I was made for us
I can't, give up...

Just give me a sign 'cause it runs through my mind like your he
at
Caught in the web you're so easily lead to the deep
Falling behind 'cause it runs through my mind like a need
Caught in the web you're so easily lead to the deep

Creatures of the darkness know
How to keep the lights low
