

Wild Sea

Phidel

Only I'm a wild sea,
Lonely 'til you leave me

Speeding down a silent shore
Something tells me I've been here before
By heart, I know this dark, oh

Shapes turn to black
I'd give you back

Only I'm a wild sea
Lonely til you hold me
Love me like you do
I know that I'm hard work
You know I've been so hurt
Love me like you do
Yeah, I know you're easy-going
Just to please me
Love me like you do
You know I'm a wild sea
Lonely til you hold me
Love me like you do

Speeding down a silent shore
Something tells me we've been here before
Where we're going I don't wanna see
Everyday you slip away from me
I'd give you back, I'd give you that

Only I'm a wild sea
Lonely til you hold me
Love me like you do
I know that I'm hard work
You know I've been so hurt
Love me like you do
Yeah, I know you're easy-going
Just to please me
Love me like you do
You know I'm a wild sea
Lonely til you hold me
Love me like you do

You, are my emblem of gold
You, won't remember you told me
You, have a right not to know
How good it feels when you hold me

Ships turning back

They know I'm a wild sea
I'll be lonely til you leave me

Only I'm a wild sea
Lonely til you hold me
Love me like you do
I know that I'm hard work
You know I've been so hurt

Love me like you do
Yeah, I know you're easy-going
Just to please me
Love me like you do
You know I'm a wild sea
Lonely til you hold me
Love me like you do
