

Same Love

Philip George

Gotta find my feet again
Gonna step into the night
No one's gonna get me down
Gonna bring me down 'cause I
Have one life, one life, one life
To rise, to rise, to rise

And I know, baby, that it's not too late
You know things always change
And even if sometimes we stray away
As long as we stay the same

Gotta find my feet again
Gonna step into the night
No one's gonna get me down
Gonna bring me down 'cause I
Have one life, one life, one life
To rise, to rise, to rise

And I know, baby, that it's not too late
You know things always change
And even if sometimes we stray away
As long as we stay the same

Gotta find my feet again
Gonna step into the night
No one's gonna get me down
Gonna bring me down 'cause I
Have one life, one life, one life
To rise, to rise, to rise

And I know, baby, that it's not too late
You know things always change
And even if sometimes we stray away
As long as we stay the same
