

Voodoo

Philip George

Is it you that got my heart racing?
All the caffeine on my lips
I drink you down without a chaser
Lighting from your kiss

I'm slipping under, walls gonna spin
Touching my body, needles and pins
I'm going crazy, out of control
Out of control

You got me making moves
Hands on the mind like voodoo
Oh yeah, I'm on the loose
Nothing I can do
You got me off my head
Hands on the mind like voodoo
Oh yeah, I'm seeing red
I'm so into you

You got me off my head
You got me off my head

Are you the one that stole my rhythm
Rhythm of my heart
(You got me off my head)
Walking like you're some kind of vision
Tearing me apart
(You got me off my head)

Is it you that got my heart racing?
All the caffeine on my lips
I drink you down without a chaser
Lighting from your kiss

I'm slipping under, walls gonna spin
Touching my body, needles and pins
I'm going crazy, out of control
Out of control

You got me making moves
Hands on the mind like voodoo
Oh yeah, I'm on the loose
Nothing I can do
You got me off my head
Hands on the mind like voodoo
Oh yeah, I'm seeing red
I'm so into you

You got me off my head
(I'm so into you)
You got me off my head

Are you the one that stole my rhythm
Rhythm of my heart
(You got me off my head)
Walking like you're some kind of vision
Tearing me apart

(You got me off my head)

Is it you that got my heart racing?
All the caffeine on my lips
