

# Long Time

Phillip Phillips

It's been a long time since I fell in love  
It's been a long time, am I still enough?  
I don't know who I am, do you know who I am?

It's been a long time since twenty-one  
I didn't know where to go, but I had to run  
To find who I am  
In the hands of the world, in the search of the promised land

If I go, would you leave with me?  
If we had no time left to waste or an eternity  
All I know is I'd give all of me  
Just to have you on my shoulders slowly driftin' off to sleep

After a long day  
It's been a long time for me

We've got a new life to call our own  
And a new son to watch us grow  
I need to show who I am  
Hoping' he'll understand

It's a far cry from an easy road  
But we keep goin' when we get knocked over  
We'll find where to stand  
In the hands of the world, and the search of the promised land

If I go, would you leave with me?  
If we had no time left to waste or an eternity  
All I know is I'd give all of me  
Just to have you on my shoulders slowly drifting off to sleep

After a long day  
It's been a long time for me
