

Over

Phillip Phillips

Torn in the fight
Lost in the light
Come down and let's talk about this

Back to our corners
Worn out from all this
Somehow, I can't live without it

Don't hide away
Don't hide away
Let me find you
We'll find a way
We'll find a way
To run from the monsters that we let loose

No, no no no no no no don't say it's over
I see the cracks but that don't make it broken
I feel the cold but my heart ain't frozen darling

I know I was wrong
To walk out alone
But there's only so much I can handle
So quick from your lips
Shot from the hip
I'm drifting like smoke from your candle

Don't hide away
Don't hide away
Let me find you
We'll find a way
We'll find a way
To run from the monsters we turned into

No, no no no no no no don't say it's over
No, no no no no no no don't say it's over
I see the cracks but that don't make it broken
I feel the cold but my heart ain't frozen darling
No, no no no no no no don't say it's over over

Don't say, don't say it's over
Don't say, don't say it's over
Don't say, don't say it's over
Take me and I'll take you

Don't say it's over
No, no no no no no no don't say it's over
I see the cracks but that don't make it broken
I feel the cold but my heart ain't frozen darling
No, no no no no no no don't say it's over over

Don't say, don't say it's over
Don't say, don't say it's over
Don't say, don't say it's over
Take me and I'll take you
