I walk around with all my ice, nigga without no shooter
They say [?] but they don't fuck with Scooter
I made my name by selling bricks, I'm young and philthy rich
And you can't play me about my money, bitch I'm super slick
10 gold chains, I got more chains than Tyga bitch
You know I'm straight going in, I don't write shit
Presidential Rollie, I just bus down
Walk off in the building, shut the club down
A nigga talking crazy, lay his ass down
If I run you out the hood, you can't come back down
