

Interlude #1

Philthy Rich

I had a guy ask me
"Man, I see you on them pictures with Philthy, man
What made you embrace dude?"
And the reason I embraced dude, man, is 'cause I reached out to
him when I was in the penitentiary, man
And made a contact with him
We chopped it up, and the dude listened to me, no matter what y
'all think of his ego
He take the time to listen to me, man
When I tried to share some game with him, man
Because at the end of the day
I want him to win and I want all my other young folks out here
to win, man
But I don't want them to end up where I was at, buried up in th
em penitentiaries, man
So I tried to share as much wisdom with him as I can
