Funk or Die  
Blame It on Monstah  
Time, time  
All I need  
All I need is time  
Time, time  
All I need (Ayy, it's Philthy, nigga)  
All I need is time (Uh-huh, look)

I beat the odds, now I'm hopin' I can beat the feds  
Never sipped on yellow-greens, only aqua-reds  
Used to pour eight a day until I kicked the curb  
Kidney's fell, conspitated, I was sick as fuck  
Fuck the gang with no condom, nigga  
Your favorite rapper in my DM, want me to sign 'em, nigga  
I'm the main topic in his interviews  
His catalogue ain't big enough between me and you  
Man, the internet is undefeated  
Fake comments from a fake page, I won't delete it  
No more unemployment, they back to the streets  
Please don't go broke tryna keep up with me  
It's Philthy

Time, time  
All I need  
All I need is time  
Time, time  
All I need (Ayy, it's Philthy, nigga)  
All I need is time (Uh-huh, look)

Still the king of Oakland, who gon' take the crown?  
The past ten years straight, the face of the town  
Niggas want more credit than they deserve  
No more steak, no more lobster, make him eat his words  
Stop bringing up niggas that was before you, nigga  
'Cause there's young niggas in the hood that don't know you, nigga  
Everybody don't wanna see you on the top  
Prayin' on your downfall so they can take your spot  
YouTube channel over three hundred million views  
He gon' fake it 'til he make it, he been buyin' views  
I ain't have my own room when my company came  
Now the house and the cars, and the company name  
It's Philthy

Time, time  
All I need  
All I need is time  
Time, time  
All I need  
All I need is time
