Funk or Die, Kill Zone, and Trip'n 4 Life
I was baggin' up the P's and cookin' the white
Jumped in the rap game and picked up a mic
Ghazi made me a millionaire, and I owe him for life
Glock 17 up in Club Seventeen
Hyf took twenty, Mal took seventeen
My young nigga caught a body, he was seventeen
They denied his first appeal 2017
I was stuck on Seminary, still in the streets
And nigga, even 'til this day, I'm still in the beef
Gotta make sure Phil and Ant got a million a piece
Bitch, I'm hustlin' right now, when I die, I can sleep, it's Philthy

Sem God, fake love, Big 59
Before you sign that record deal, read the fine lines
I told the bitch I'll call her when I find time
I lost my feelings in '08, I can't find mine
Transitioned from the block to this rap shit
But I really fell in love with this trap shit
And I really checked a million out this black bitch
And I really come from nothin', I ain't had shit
Dropped a hundred albums, didn't sign a major
Stayed independent, ran up the paper
Seven figure nigga, never been a hater
Bitch, I took the stairs, not the elevator, it's Philthy
