

Toxic Bitch

Philthy Rich

My little toxic bitch
Uh

Her pussy water like the Rolex on my wrist
I love her but she toxic, caught her strolling through my shit
Arguing with these hoes in my DM
Begging me and telling me to leave 'em
She just want me to sit in the house
When we fucking she be wanting me to spit in her mouth
She like to fuck with no rubber on
I like to fuck with no cover on

She keep telling me, "Put a baby in me"
She keep aksing for round three, I told her wait a minute
Thick as fuck, I love when she sit up proper
Mad I introduced my nigga to her partner
Two kids, two baby daddies
But I'm the only nigga that could keep her happy
Brown eyes, thick thighs, body full of tats
Fucking this bitch good, got her too attached

Her best friend always hating on me
Coming in the house, lacy, always waiting on me
She used to be my side but became my main
I was outside with [?]
She always tripping off my other bitches
But she ain't nothing like them other bitches
Counting all this money keep her pussy wet
She ain't left a nigga yet, she can't be too upset

It's Philthy
