

Water Leak

Philthy Rich

Bust down, all gold Philipe
Bentley with the red velvet seats yeah
Stars in the ceiling go to sleep
Bricks on the water got them wrapped up in the reef
I don't wanna talk I let the money do a speech
Yeah, the diamonds cost a lot but get the FN for free
A potato with the Draco, shootin' out the backseat
Drippin' everywhere my diamonds got a water leak

That bitch looks at my chain, she said 'boy, that shit so rocky'
Aye, boy I know 'bout you
Your new bitch my old option, yea
Got my shooters with me, only got one hoe 'round me
I don't even trust that bitch that's why I got my pole 'round me
Might jump in some Rafs, I don't jump in no J's, aye
Your bitch she all in my face, aye
My brother be servin' them J's, damn
My shooters aim at your face, damn
Boy you ain't scraping up plate, aye
Boy you ain't movin' a base, aye
Tell me how long do it take, aye

The first nigga you seen with the rose gold Patek
Pourin' up the lean glass bottle with a TEC
Free JW, yeah shout out to the Jets
Pull up in the Wraith, I used to pull up in the Lex'
Flexin' with my new bitch, she stuntin' on my ex
Stones lookin' cuban but need a diamond test
Broke nigga, look sleepy, yeah I think you need some rest
