

Clear Your Mind

Phish

Handstands in grand fashion
Holy Blankenstein, clear your mind
Envelope my head, arrow with a square
Holy Blankenstein, clear your mind

Clear your mind
Clear your mind

Sure could use this treatment, asshole to the core
Burn, burn, burn, clear your mind, clear your mind

Donuts touching turtles
Pat Malone, please! Clear your mind
Now it's startin' to feel good
Scratch my head
Who owns who, clear your mind

Ferment me, press me! Half Nelson, uh!
Open your head and clear your mind

Clear your mind

Arrow with a square, I can wear it anywhere
Holy Blankenstein, clear your mind
Talkin' inward, a recent surgery
I have a middle area now, clear your mind

A little malaria now?
I got a lotta malaria!

Clear your mind

When the moss piglets start howlin' across the field
Holy Blankenstein, (Clear your mind) clear your mind
