

Cool Amber And Mercury

Phish

Pay me no attention
When the night turns into day
Sometimes when I'm moving
I still miss this place

What a fool I was
What a fool I am
What a fool I'll be
What a fool

Cool amber and mercury
Cool amber and mercury
Cool amber and mercury
Cool amber and mercury

Pay me no attention
When the day turns into night
Sometimes when I'm standing still
Things don't feel alright

What a fool I was
What a fool I'll be
What a fool I am
What a fool

Cool amber and mercury
Cool amber and mercury
Cool amber and mercury
Cool amber and mercury
You say the most hurtful things
Cool amber and mercury

(Faceplant into rock
Faceplant into rock
Faceplant into rock
Faceplant into rock
Faceplant into rock
Faceplant into rock
Faceplant into rock
Faceplant into rock)

Cool amber and mercury
Cool amber and mercury
Cool amber and mercury
Cool amber and mercury
Cool amber and mercury
Cool amber and mercury
Cool amber and mercury
