

Dahlia

Phish

Dahlia and I were taking a bath
And Dahlia was smoking a cigar
And she said to me
"I bet you've never taken a bath
With a girl smoking a cigar before"

And she told me all about her car accident
She was overdosed on Valium
And she made an attempt to cross "the West Side Highway"

Dahlia, I know I 've done you wrong
Dahlia, I know I 've done you wrong
Dahlia, I know I 've done you wrong
But Dahlia, you know you've done me wrong too

She wore an old Camel t-shirt
With some magic of its own
And we listened to the Stones
