

Don't Doubt Me

Phish

Somebody clean that up
Somebody clean that up

Someone has to clean that up
It's like a fountain of upward neck!
What about beep? Why try?
Left an impression in my, my third eye

A-someone's gotta clean that up
Somebody clean that up
Someone has to clean that up

Nowhere to be, nowhere to be
Far off white light hangin' over me
(Don't doubt me)
Then nothin' is changing, in a silent cold
(Don't doubt me)
Is it lonely? Durability

He does handstands in genuine fashion
But he's a genuine asshole
And I can't keep up, I can't keep up
Yeah, you did handstands in grand fashion
But you're a genuine asshole and I can't keep up
Yeah, you did handstands

Un-head the knee
Un-head the knee
Anchor my head!

Don't doubt me, don't doubt me
Don't doubt me, don't doubt me
Don't doubt me
Don't doubt me
Don't doubt me
(You're gonna doubt me)
(Don't doubt me) How dare you doubt me?
Don't doubt me
Don't doubt me, don't doubt me
(Don't doubt me)
