

## Down with Disease

Phish

Down with disease  
Three weeks in my bed  
Trying to stop these demons that keep dancing in my head

Down with disease  
Up before the dawn  
A thousand barefoot children outside dancing on my lawn, and I  
keep

Waiting for the time when I can finally say  
That this has all been wonderful but now I'm on my way  
But when I think it's time to leave it all behind  
I try to find a way but there's nothing I can say to make it st  
op

Down with disease and the jungles in my mind  
They're climbing up my waterfalls and swingin' on my vines  
So I try to hear the music but I'm always losing time  
'Cause they're stepping on my rhythm and they're stealin' all m  
y lines  
Stealin' all my lines and I keep

Waiting for the time when I can finally say  
That this has all been wonderful but now I'm on my way  
But when I think it's time to leave it all behind  
I try to find a way but there's nothing I can say to make it st  
op
