

Egg In A Hole

Phish

Into the center
Into the center
Into the center
A new oval, clear your mind

I've got to get back to Chicago
I've got to get back to Chicago
I've got to get back to Chicago
And bring back the thing that I stole
The memory haunts me, it's stuck in my head

Like egg in a hole
Like egg in a hole (Stuck in my head)
Like egg in a hole (Stuck in my head)
Like egg in a hole

A peaceful emergent of hell
Into the center
Into the center
A new oval, clear your mind
Into the center
A new oval, clear your mind

Like egg in a hole (It's a stolen phrase)
Like egg in a hole (It's a stolen phrase)
Like egg in a hole (It's a stolen phrase)
I'm not sure I should've asked for this

Like egg in a hole (It's a stolen phrase)
Like egg in a hole (It's a stolen phrase)
Like egg in a hole (It's a stolen phrase)
I'm not sure I should've asked for this
