

Everything is Hollow

Phish

Take it down now
You take it down
You take it down
You've got to lay down
Take it down
Take it down
Take it down
You've got to lay down

Lay it down
Lay it down
Lay it down
You've got to lay it down
Lay it down
Lay it down
Lay it down
You've got to lay it down

Bright white light shining right between my eyes
Bright white light shining right between my eyes
Woah woah woah
Bright white light shining right between my eyes
Woah woah woah
Bright white light shining right between my eyes

Lay it down
Lay it down
Lay it down
You've got to lay it down
Lay it down
Lay it down
Lay it down
You've got to lay it down

Bright white light shining right between my eyes
Bright white light shining right between my eyes
Woah woah woah
Bright white light shining right between my eyes
Woah woah woah
Bright white light shining right between my eyes

Bright white light shining right between my eyes
Bright white light shining right between my eyes
Bright white light shining right between my eyes
Bright white light shining right between my eyes
Bright white light shining right between my eyes
Woah woah woah
Bright white light shining right between my eyes
Woah woah woah
Bright white light shining right between my eyes
Woah woah woah
Bright white light shining right between my eyes
