

Everything's Right

Phish

Time to get out, I've paid my dues
I need to shout there's no time to lose
No more tequila, the well is dry
The pavements warm, my brain is fried
It's time to get out, I've paid my dues
My shoes have holes, my socks are bare
The mirror's secret is I'm losing my hair
I'm in prison without a crime
Sentence stretches on undefined
It's time to get out, I've paid my dues
I've paid my dues

Well, everything's right
So just hold tight

Everything's right
So just hold tight

Everything's right
So just hold tight

Everything's right
So just hold tight

Everything's right
So just hold tight

Everything's right
So just hold tight

Everything's right
So just hold tight

Everything's right
So just hold tight

Just hold tight

I'm going downhill with increasing speed
Compassion gives way, if you listen to greed
Focus on the past and that's what will last
Nothing that is real and nothing you can feel
Focus on tomorrow you'll have to borrow
Images and mind and what you've left behind
Focus on today and you'll find a way
Happiness is how
Rooting in the now

Because, everything's right
So just hold tight

Everything's right
So just hold tight

Everything's right
So just hold tight

Just hold tight

Look into the eyes of everyone you meet
Try not to step on your best friend's feet
The line is in the sand and life is planned
For the rest of your life
Don't take it for granted

Because, everything's right
So just hold tight

Everything's right
So just hold tight

Everything's right
So just hold tight

Just hold tight

This world, this world
This crazy world I know
It turns, it turns
And the long night's over and the suns coming up
This world, this world
This crazy world I know
It turns, it turns
And the long night's over and the suns coming up
This world, this world
This crazy world I know
It turns, it turns
And long night's over and the suns coming up
This world, this world
It turns, it turns
And the long night's over and the sun coming up

Because, everything's right
So just hold tight

Everything's right
So just hold tight

Everything's right
So just hold tight

Just hold tight

Everything's right, so just hold tight...
