Phish

Graspin' my scalp  
With eyes closed  
Un-head the knee  
Split my lobes  
Finally relaxed  
Just above the nose

Sci-Fi Soldier  
It's our album  
Here's how it goes

(Oh!)

Get more down! (Get more down)  
Get more down! (Get more down)  
Get more down! (Get more down)  
Get more down! (Get more down)  
Get more down! (Get more down)  
Get more down! (Get more down)  
Get more down! (Get more down)  
Get more down!

Get more down! (Get more down)  
Get more down! (Get more down)  
Get more down! (Get more down)  
Get more down! (Get more down)  
Get more down! (Get more down)  
Get more down! (Get more down)  
Get more down!

I don't need a lantern
