

# Monsters

Phish

Easy now, easy now  
Easy now, easy now  
I wake up in my bed  
With monsters in my head

Easy now, easy now  
Easy now, easy now  
I wake up in my bed  
With monsters in my head

A world of smoke and shadows  
Has clouded my vision for so long  
And I recall a time when I used to belong  
The wreckage of the past  
And the fear of tomorrow haunts my mind  
I'm searching for a way to make it all rewind

Easy now, easy now  
Easy now, easy now  
I wake up in my bed  
With monsters in my head

Easy now, easy now  
Easy now, easy now  
I wake up in my bed  
With monsters in my head

Easy now, easy now  
Easy now, easy now  
I wake up in my bed  
With monsters in my head

Easy now, easy now  
Easy now, easy now  
I wake up in my bed  
With monsters in my head
