

Play By Play

Phish

Down below my feet
It lasts forever
Down below my feet
It lasts forever
Down below my feet
It lasts forever
Dark and scary
I double down

I was there, I ran away
I was in the news
When I heard the play by play
I wanted to be you
I was there, I ran away
I was in the news
When I heard the play by play
I wanted to be you

Perception is spoon-fed
I open up my mouth
Perception is spoon-fed
I open up my mouth
Perception is spoon-fed
I open up my mouth
Perception is spoon-fed
I open up my mouth

```
I hope someone notices
I hope someone notices
I hope someone notices
I hope someone notices
```

I hope someone notices
I hope someone notices
(Ah, ah)

I hope someone notices
I hope someone notices (Sweet longing freezes time)
I hope someone notices (Sweet longing freezes time)
