

# Revolution's Over

Phish

The revolution's over baby  
The revolution's over baby now  
The revolution's over baby  
The revolution's over baby now

Reelin' and Quakin'  
Bringin' home the bacon!  
We're all getting taken for a ride

Kiss your mama goodbye  
Time to let it all fly  
Don't get caught  
With your fingers in the pie

The revolution's over baby  
The revolution's over baby now  
The revolution's over baby  
The revolution's over baby now

Time to start a new one  
Different than the old one  
Something that they've never seen before

The revolution's over baby now  
The revolution's over baby now  
The revolution's over baby now  
The revolution's over baby now
