

Breathe U In

Phlake

Who's idea was it to breathe you in
Wish I knew
Cause I just can't breathe you out again
If you're down I'm up for anything
How 'bout you
Cause you really got me wondering

I know what it is
It's so you can feel powerful
You love knowing that people like you
You love that feeling
And when we talk about it
You say it's because
You don't know what you want
Fuck you you don't know what you want

Who's idea was it to breathe you in
Wish I knew
Cause I just can't breathe you out again
If you're down I'm up for anything
How 'bout you
Cause you really got me wondering

You damn well know how you feel
Of course you fucking know how you feel
You love me!
I know you love me
And you don't wanna hurt me!?
But you want me to rot
Knowing that you don't tell everything
I'm not fucking Cindy Crawford okay
I don't have a fucking
Auxiliary beauty spot plug on my cheek
Or whatever it is you wanna put that little fucking mini jack stick of yours
into
So you can suck out all the good energy I have left inside me

Who's idea was it to breathe you in
Wish I knew
Cause I just can't breathe you out again
If you're down I'm up for anything
How 'bout you
Cause you really got me wondering

Just fucking hurt me
Tell me
Tell me
You just also wanna fuck random bitches
While you love me
Just tell me
Just say that for fuck sake
Get it out of your system
And see what happens
I hate this stagnation shit
Let's fucking live
With or without each other
