

# Fancy Water

Phlake

I'm busy making memories in the dark  
Got me seeing different colors  
Now I make decisions with my gut  
Sipping on this fancy water

This dickhead wanna party all the time  
Like drinking is my only hustle  
The dizzy'er the better right  
I'm high enough no I don't need no

Painkillers, rescuers, just  
Sex pistols, x and o's, yeah  
Inject the love , mess me up, full  
Exodus

These days, I'm riding my hopes high  
These waves, I watch 'em all float by  
These days, hit you like an edible, I'm feeling incredible  
Emotions getting physical, these days

These days, I'm riding my hopes high  
These waves, I watch 'em all float by (these waves)  
These days

Me no look nobody face, I dey run my race jeje  
Bad vibes I look away, living life like I don't care  
And nobody can run up on me, do it like me no  
Shawty call me daddy money, dropping all up on the floor

Uhh, I be sippin' on that fancy water (sippin', sippin')  
My chargie fine, oh yeah she looking proper  
I got my money up, and add some commas  
Don't play with my dollars, Gwalla Gwalla Gwalla

These are the days  
Breeze in my face  
Easy with the haze  
I'm T.K.O.'in

These days, I'm riding my hopes high (born that)  
These waves, I watch 'em all float by (ya ya ya ya)  
These days, hit you like an edible (oh damn damn)  
I'm feeling incredible (mhm mhm)  
Emotions getting physical, these days  
These days

Sippin' on that fancy water
