

Green Screen Holiday

Phlake

Ho-holiday
My house, my couch

Into my green screen life
We could go where you like
On holiday, holiday
Holiday, holiday
You can bring your bathing suit
We don't have to leave this room
Going loud right now
We're going loud right now

Loud from the Taj Mahal
To the Eiffel Tower
We don't have to fly, no
'Cause we on green screen
Living life on Mars
Checking out the Mardi Gras
We don't need no cars, no
'Cause we on green screen

My holiday, it's 2
Every night like deja vu
We can order your favorite food
All day, it's a holiday
Picture me on dancing poles
On the cover of Rolling Stones
Going loud right now
We're going loud right now

Loud from the Taj Mahal
To the Eiffel Tower
We don't have to fly, no
'Cause we on green screen
Living life on Mars
Checking out the Mardi Gras
We don't need no cars, no
'Cause we on green screen

Ho-holiday
Holiday, holiday
'Cause we on green screen
Ho-holiday
Holiday, holiday
'Cause we on green screen
Our holiday

We could go to outer space
'Cause moon is my favorite place
Let's travel in hibernate
We're going loud right now

Loud from the Taj Mahal
To the Eiffel Tower
We don't have to fly, no
'Cause we on green screen
Living life on Mars

Checking out the Mardi Gras
We don't need no cars, no
'Cause we on green screen

Ho-holiday
Holiday, holiday
'Cause we on green screen
Ho-holiday
Holiday, holiday
'Cause we on green screen
Our holiday

Holiday, holiday
Our oliday
'Cause we on green screen
Our holiday
