

IKEA Episodes

Phlake

I'm in IKEA, rocking shades
I've been stuck in here for days
I'm all alone up in this maze
IKEA episodes

She went and left like a vulture
Took all the furniture
Now I gotta find me a sofa
I'm sick of sleeping on the floor
Life on reset
Now that I'm far from cozy
It ain't no secret
I'm no trophy

I'm in IKEA, rocking shades
And I've been stuck in here for days
I'm all alone up in this maze
The solo episode
ASAP, changes
Love so tainted
Retail-cation

I need a glass of champagne-pagne-pagne-pagne
A cigarette would be amazing
I need to rub it off
Girl, I could use some decorations
I'm filling up the car
With this lamp, that lamp
Plenty of printed paintings
Feel like Pac Man
Through these sections

I'm in IKEA, rocking shades
And I've been stuck in here for days
I'm all alone up in this maze
The solo episode
ASAP, changes
Love so tainted
Retail-cation
IKEA episodes

Tryna forget, taking a nap
Up in the bathtub
Gotta relax before I bounce back
Into the next one
IKEA episodes
Tryna forget, taking a nap
Up in the bathtub
Gotta relax before I bounce back
Into the real world
IKEA episodes

ASAP, changes
Love so tainted
Retail-cation
Nowhere else to go

I'm in IKEA, I can't change
And I've been stuck in here for days
I'm all alone up in this maze
The solo episode
ASAP, changes
Love so tainted
Retail-cation

IKEA episodes
I've been struggling to find the exit zone
I need the way back home
Feeling like an extraterrestrial
