May Be

Phlake

Got to let you in
Before I let you go
I'm giving it up for may be

If I'm giving up again
I wanna let you know
I seem to know the basics yeah

I wanna let you in
before I let you go
Get under my skin
You see why I'm so cold

As if all I said
If all I did was pushing you away
I suppose oh oh
Dreams don't spread
They disappear ahead
into the dark side of the pit

Now I
Got to let you in
Before I let you go
I'm givin it up for may be

If I'm giving up again
I wanna let you know
I seem to know the basics yeah

Why am I getting lost
Were you too scared to spell
No matter the cost
You about whatever I sell

I'm falling off the edge
into march pit sections
of t-shirts sets on the goal

With the tension stay
give you pull the trig
on me like I am doing for show

Oh, now I
Got to let you in
Before I let you go
I'm givin it up for may be

If I'm giving up again
I wanna let you know
I seem to know the basics yeah

Got to let you in
Before I let you go
I'm givin it up for may be

If I'm giving up again
I wanna let you know

I seem to know the basics yeah

Got to let you in
Before I let you go
I'm givin it up for may be

If I'm giving up again
I wanna let you know
I seem to know the basics yeah

Got to let you in
Before I let you go
I'm givin it up for may be

If I'm giving up again
I wanna let you know
I seem to know the basics yeah

Got to let you in
Before I let you go
I'm givin it up for may be
