Phlake

If you care bout me now  
In this arena  
It ain't what I said  
But what I say  
If you care bout we now  
You and me how  
Where in till we're dead  
Till we're dead

Pretties only here for a while  
Maybe we should stay around and fight  
I wish it was all just intentional  
Only wanna see us pull it off

Oh you seem to know just how to kill me  
Maybe now I need that boundary  
Yeah I could run right now and it thrills me  
You feel me?

I'm a real hyena  
My demeanor  
Is on display  
Still you stay  
So the joke's on me now  
Honestly I  
Care either way  
It's how we play

Pretties only here for a while  
Maybe we should stay around and cry  
I wish it was all just irrational  
But I only wanna see us pull it off

Oh you seem to know just how to kill me  
Maybe now I need that boundary  
Yeah I could run right now and it thrills me  
You feel me (honey)

Oh you seem to know just how to kill me  
Maybe now I need that boundary  
Yeah I could run right now and it thrills me  
You feel me (honestly)

Stop staring at a dream  
Jump in it like a thing  
Come settle down  
Stop staring at a dream  
Hop in it like a thing  
I'm ready now

Stop staring at a dream  
Jump in it like a thing  
Come settle down  
Stop staring at a dream  
Hop in it like a thing  
I'm ready now

Stop staring at a dream  
Jump in it like a thing  
Come settle down  
Stop staring at a dream  
Hop in it like a thing  
I'm ready now
