

Radar

Phoebe Bridgers

Take my money, take my soul
Edward's house and rock 'n roll
Walkin' home was easier with you, ooh
Let me speak, I'm losin' steam
Listen to the second gleam
Smoke a little, tease me like you do, ooh

And you're more than I can take
Can't you see I'm fallin' through?
The way your muscles move, drivin' in your car
You're a flashin' light on my radar

[Verse 2]

Jump the garden wall tonight, run until you're outta sight
Lead me, chasin' hopeless through the dark, whoa
Each morning I get dressed for you
Heart-sick feeling right on cue
You've got me like a walk in the park, whoa

Take my hands as they shake
Why can't you hear me callin' you?
The way your veins pop out, playin' your guitar
You're a flashin' light on my radar

And the mornin' tastes so fake
But what else can I do?
The way it's all a part of who you are
You're a flashin' light on my radar

You're a flashin' light on my radar
