

Ocean eyes, slow-motion highs  
My kitchen floor in the middle of the night  
Your little grin when you think of him  
That look when you know what I'm thinking

Don't forget about me  
Don't forget about me  
Don't forget about me  
Don't forget about me

The smell of the rain, the way you isolate yourself  
When you feel your heart about to break  
The chances you take, the moments we make  
The promises you can never let yourself break

Don't forget about me  
Don't forget about me  
Don't forget about me  
Don't forget about me

You're the only one in the world that understands my mind  
Let's forget about high school cliques and get drunk on cheap wine  
We're just stupid kids trying to figure ourselves out  
But I've got you, and that's all I care about

Don't forget about me  
Don't forget about me  
Don't forget about me  
Don't forget about me

You're the girl that all the boys want  
You're everything I need, and you're all I've got  
I'm so glad you're my best friend  
I'll be with you until the end  
I'll make you laugh when you're pissed at me  
We run from the world 'til we can't breathe

You're the only one in the world that understands my mind  
Let's forget about high school cliques and get drunk on cheap wine  
We're just stupid kids trying to figure ourselves out  
But I've got you, and that's all I care about

Don't forget about me  
Don't forget about me  
Don't forget about me  
Don't forget about me  
Don't forget about me  
Don't forget about me  
Don't forget about me  
Don't forget about me  
Don't forget about me  
Don't forget about me
