

Make It Easy

Phoebe Green

Don't ask me what I'm thinking about, you don't wanna know
There's nothing you can say right now to make me wanna go home
It's been a long time coming (It's been a long time coming)
But I'm tripping over myself
Not gonna try to play it down when you know you've been belling
me out

Let's make it easy, I'm sick of competing for your attention
Know I don't need to, I'm not massaging your ego
I'm not easy, but I'm tired of teasing the building tension
Who's gonna make the suggestion?

I've got too much pride to set myself up for rejection
I let too many opportunities slide before I lay out my intentions
Wish I could be that bitch that let's it slip off my tongue like it's nothing
I'm not easily intimidated, but I overcomplicate it every time

Let's make it easy, I'm sick of competing for your attention
Know I don't need to, I'm not massaging your ego
I'm not easy, but I'm tired of teasing the building tension
Who's gonna make the suggestion?

I could just say it
But I don't like initiating, I'm not gonna chase it
Don't wanna take it or leave it, I wanna be the one you leave with

Let's make it easy, I'm sick of competing for your attention
Know I don't need to, I'm not massaging your ego
I'm not easy, but I'm tired of teasing the building tension
Who's gonna make the suggestion?
