

Second to None

Phoenix

Second to none, I wouldn't seriously get involved in a thing
Bored of all the talking, you know it didn't change much
I doubt your intentions are to make me feel any better today
I even doubt tomorrow will be as easy as it was

I've changed
you've changed
it's not the same
Tell me what 's the difference if I go back to normal again?
Right away

I should have known I'd look at you
with opened eyes the morning after
Did you cut your hair? Did you change anything these days?
I heard a "liar" then I heard a laughter 20 calls a day it make
s no difference at all

Last year
Last call
You lost your ways
Tell me what's the difference if I go back to normal again?
Right away

I thought I heard a lie
I thought I heard a "liar"

I doubt your intentions are to make me feel any better today
I even doubt tomorrow will be as easy as it was I've changed
You've changed
It's not the same
Tell me what's the difference if I go back to normal again?
Right away

I thought I heard a lie
I thought I heard a "liar"
