

Cocolalla

Phoneboy

I just stopped to wonder
Wide eyes under cover
Reaching in to pull me out again

I can't stop concealing
These lines I know you're reading
Between the cracks of cardiac arrest

If life was better
I wouldn't notice

More than less is equal
Stay to watch the sequel
Reaching in to pull me out again

If life was better
I wouldn't notice

I find myself in Cocolalla
Lala
I find myself in Cocolalla
Lala
I find myself in Cocolalla
Lala
I find myself in Cocolalla
Lala

If life was better
I wouldn't notice
