

## Wasting Time

Phoneboy

Can I really count on you?  
Ask for answers that I knew  
Pull me under, turn me blue  
Reach for my hands, how did I do?

Don't be a bother  
Can I waste your time?  
My only problem's  
You're not wasting mine  
I'm still on hold for a couple weeks  
And listen close to the melody

You just wanna have some fun, and  
Not to mention we just met  
To mentally stressing me out  
So can you really count on me?  
I mess it up so naturally  
So I don't, I don't, so I don't wanna want you  
So I don't, I don't, so I don't wanna want you

Don't be a bother  
Can I waste your time?  
My only problem's  
You're not wasting mine  
I'm still on hold for a couple weeks  
And listen close to the melody

Cause I don't, no I don't, no I don't wanna want you  
Cause I don't, no I don't, no I don't wanna want you  
Cause I don't, no I don't, no I don't wanna want you  
Cause I don't, no I don't, no I don't wanna want you

Don't be a bother  
Can I waste your time?  
My only problem's  
You're not wasting mine  
Don't be a bother  
Can I waste your time?  
My only problem's  
You're not wasting mine
