

Before You Get A Boyfriend.

Phony Ppl

Oh, I, nanana-nanana-nanana-nanana, woah
Before you get a boyfriend

Please pardon me for keeping distance
It's not that I don't seek persistence but
I like what this is, how it is
So I hope you don't look at it as me being different
Because you know I don't got no secret mission
I reside between your thighs, baby switch positions
Now we're looking eye to eye, I hear your thoughts, listen
Baby I already love you but just won't admit it
Maybe I fell in love with you the day I saw you
Maybe you fell in love with me the night we did it
Maybe you already love me and just won't spit it
One thing I can say our love is how you ain't tripping
Ain't tripping over the hoes
Ain't slipping under unknown
Just kissin', rubbing your kitten
Got fingers all in your
Ain't dipping in the with O
Just slipping out of the clothes
Dipping out of the robe
It's getting out of control like

Oh, I, nanana-nanana-nanana-nanana, woah
Before you get a boyfriend, girl
Oh, I, nanana-nanana-nanana-nanana, woah
Before you get a boyfriend

She got them hips turn style hot
I'm ready to rock and roll
Proper spliffs, well she got, she know how to scroll
All this place is pain but she paid the toll
And when I'm in a rush she understands the give and go
The dominance is prominent, the mutual is crucial, girl
Put my metal in your microwave (so we could watch it blow)
And if you need anything don't hesitate to let me know
And I'll be there in a jiffy with a stiffy in the piffy (like ah)
When it comes to you I have not because I asked nice
You're spaced out, I'm an astronaut
Letting time fly by and what not
But you never throw shade though the sun hot
We don't need no sunblock
My closure blinker
Feel the love but never speak up
While I get to know you deeper
While I mix the track while you mix the margarita
While you start dance while I'm turning up the speaker
No, I'm not that type to link up but I kinda
'Cause I'ma see another bad drip and wanna holla
But maybe we could build, if it's not a problem
But either way I just had to keep it honest like

Oh, I, nanana-nanana-nanana-nanana, woah
Before you get a boyfriend, girl
Oh, I, nanana-nanana-nanana-nanana, woah
Before you get a boyfriend

Oh, I, nanana-nanana-nanana-nanana, woah
Before you get a boyfriend, girl
Oh, I, nanana-nanana-nanana-nanana, woah
Before you get a boyfriend
