

## Compromise.

Phony Ppl

She say that she want, to settle down  
He say "she's the one", but just not now  
If only they can compromise, somehow  
She say that she want, to settle down  
He say "she's the one", but just not now

He loves her very much  
And she knows  
But they're getting out of touch  
So she goes...

Keep on doing that thing you do  
Keep on doing that thing you do  
Keep on doing that thing you do  
Keep on breaking my heart you fool  
Keep on doing that thing you do, oh...

It was said to be forever  
That they were supposed to be together  
Through the worst and the better  
They were supposed to never never!

She say that she want, to settle down  
He say "she's the one", but just not now  
If only they can compromise, somehow  
She say that she want, to settle down  
He say "she's the one", but just not now

Enough is not enough, as we know  
Cause breaking up is tough unless you're a ho... so...

Keep on doing that thing you do  
Keep on doing that thing you do  
Keep on doing that thing you do  
Keep on breaking my heart you fool  
Keep on doing that thing you do, oh...

Keep on doing that thing you do  
Keep on doing that thing you do  
Keep on doing that thing you do  
Keep on breaking my heart you fool  
Keep on doing that thing you do, oh...
