Ooh, what's a motherfucka 'spouse to do  
When his girl is on the loose  
He thought he had nothing to lose  
And I might be a little fucked up in the head, I think  
'Cause she don't know that I exist  
But I go home to her  
There's nothing wrong with me  
There's something wrong with her

We've been togeth-  
Together for a while now  
With all the strings a-  
Strings attached on this, I don't know how

She's everywhere, on the scene  
Endlessly  
(Hello, I'm still here)  
While I cry to your dial tone  
The attention, she's loving it  
We suffocate because of it, I know  
(Hello, I'm still here)  
While I cry to your dial tone

There's somethin' wrong with her

I asked her why she-  
I asked her why she's playing these games  
She turned her head-  
She turned her head and giggled, then said "What's your name?"

She's everywhere, on the scene  
Endlessly  
(Hello, I'm still here)  
While I cry to your dial tone  
The attention, she's loving it  
We suffocate because of it, I know
